RoHS Compliance Certificate

In compliance with the EU regulations, we hereby give our written confirmation that the resistor series acc. EBG Catalog 311 do not cross the maximum limits mentioned in the European Directive 2002/95/EC of the following substances:

Lead, mercury, cadmium, hexavalent chromium, polybrominated biphenyl (PBB) or polybrominated diphenyl Ethers (PBDE)

and/or meet the exceptions of this European directive.

Therefore, our standard resistor types (acc. EBG Catalog Issue 310) are RoHS compliant!

Please contact us, if you have further questions.

Mr. Franz Konrad
EBG Quality Manager
